

INTRODUCTION TO CULTURAL CHINA COMMUNICATION CO.,LTD. 《文化中国》传播股份有限公司

《文化中国》传媒股份有限公司 Culture China Media Corp ., Ltd.

Cultural China Communication Co., Ltd exists to communicate the Chinese culture and promote international exchanges, dedicated to producing, operating and communicating high-quality Chinese cultural content and dealing primarily with culture- tourism synthesis, film and television entertainment, media integration, media integration and international communication. Cultural China promotes the close cooperation among industry eco-chain partners through a platform-based business model, focuses on both in-house innovative development and joint content production and leverages both technical support and capital support to launch a variety of cultural products of different business forms including Ultimate China, Colorful China and a Touch of China.

With “openness, integration, innovation and excellence” as its core values and by upholding the five development ideas of “greenness, innovation, coordination, openness and sharing” and relying upon the era background of the great rejuvenation of the Chinese nation, Cultural China is based in China and faces the rest of the world and endeavors to create choice Chinese cultural contents, build high-end brands and fuel the high-quality development of China’s cultural industry, by providing cultural industry integration services supported by brand and capital, and by using a platform-based business model that starts with high-end marketing and is fueled by combination between industry and finance, using high-quality cultural and tourism resources and outstanding cultural contents as the medium.

Culture-tourism synthesis

By focusing on cultural characteristics across the country and integrating existing cultural and tourism resources, the company has created a new venture capital investment model for cultural and tourism centered on content output and business operations, in effective conjunction with capital operations.

Media integration

By developing and integrating technology-enabled emerging media to communicate Chinese culture, the company fully integrates the content, publicity and other aspects of its business to create an open, interactive and experiential collection of various media by using the combination of traditional, new and we media.

Film and TV entertainment

Inspired by the idea of “Chinese stories relevant to the world”, the company taps the Chinese market intensively, targets high-quality film and TV resources, explores various cooperation models and actively participates in joint production of international film and TV projects, in a bid to create choice films and TV products that are excellent in both humanistic spirit and market value.

Overseas communication

With cultural exchange, cultural output and cultural practice as the enabler, the company endeavors to create a platform for cultural communication that seeks practical results in Europe and America, enters the mainstream in Africa and expands influence in neighboring countries, while actively implementing the national strategies of culturally going global and “Belt and Road” and improving the international influence of communication.

Cultural China expects to integrate the world-class industry resources, constantly explore the beauty of Chinese culture, convey the mainstream cultural values both at home and abroad, implement various policies on the cultural industry across the board and achieve full-scale improvement of China’s cultural industry by relying upon its powerful and profound shareholder background and using proven domestic and overseas communication channels and its professional operation team. A leader and integrated service provider for the international development of China’s cultural industry
